WOOL USED IN JUNE.

Washington, July 29.—Less wool
was used by manufacturers in June
than in May, according to the month-
ly wool consumption report just is-
sued by the Bureau of Markets. June
consumption was 65,200,000 pounds,
grease equivalent, compared to 74-
600,000 pounds in May; 70,700,000
pounds in April; 71,900,000 in
March; 63,700,000 in February; and
65,100,000 pounds in January.

Stocks of wool consumed in June
by classes, in pounds, were: grease
wool, 37,997,749; scoured, 12,169-
900; and pulled, 2,171,175. Con-
sumption by States for all classes of
wool in pounds was: Massachusetts,
22,965,959; Rhode Island, 6,288,939;
Pennsylvania, 4,267,300; New Jer-
sey, 5,338,880; New York, 3,634-
104; Connecticut, 1,839,461; Ohio,
1,513,661; New Hampshire, 1,381-
498; Maine, 848,627; and all other
States, 2,260,395.

Out of 579 schedules sent to manu-
facturers 563 reported stocks of wool
used in June, 57 no wool consumed,
and 4 states that material used con-
sisted of tops, yarns, and waste.
Schedules from 4 firms were not re-
ceived at the time tabulations were
completed; these 4 concerns have a
combined capacity of 10 sets of
woolen cards and 5 worsted combs.

ORDER CANS AND JARS NOW.

Washington, July 29.—Housekeep-
ers who have not laid in their can-
ning supplies should do so at once,
advises the United States Depart-
ment of Agriculture. Reports from
the States show that already some
sections of the country are having
difficulty in securing containers for
home canning. The shortage of tin
cans, glass jars and rubbers, coupled
with delayed express shipments,
make it imperative to place orders for
supplies immediately if the needs of
the next two months are to be met.
Women desiring information about
canning equipment or the ordering
of supplies should apply at once to
their local home demonstration agent,
the leader of boys' and girls' club,
or the county agricultural agent.

SAILORS EAT SEAWEED

Victims of Hun Submarine Drift
Eleven Days.

Crew of Norwegian Vessel Picked Up
in Mid-ocean in Pitiful
Condition.

An Atlantic Port.—The Norwegian
steamer Augvald, 2,008 tons, bound
from a French port for Baltimore,
has fallen a victim to a German subma-
rine. A transatlantic liner brought the
news of the sinking of the Augvald in
mid-ocean and also landed 11 members
of the crew of 27 men. Three of the
crew were drowned and the remaining
13 are unaccounted for.

The rescued men were picked up by
the liner after having drifted help-
lessly for 11 days, subsisting most of
that time on seaweed and rainwater
wrung from their clothing or caught
in their caps. They were in an ex-
hausted condition when picked up, but
by careful nursing on board the liner
they had fairly recovered when they
reached here.

According to the crew the steamer
was stopped by shell fire, the crew or-
dered into two boats and the ship was
sunk with bombs.

Captain Edge of the Augvald left
the ship with 12 men in his boat and
it became separated from the other
lifeboat containing 14 of the crew. For
two days the latter boat drifted about
and was then upset in a storm. Three
of the men were swept away and the
others managed to right the boat and
bale it out. They lost all their food
and fresh water and even their oars
were gone.
Drifting helplessly, the men began
to suffer for want of food and water.
Seaweed was eagerly snatched up and
chewed and every device they could
think of was resorted to to catch rain
water. There was a succession of rain
storms and the men were almost con-
tinually drenched. Day after day went
by and finally the rescue ship came
over the horizon and the exhausted
and starving men were soon safely on
the deck of the liner and given ever-
comfort.

FRENCH CITIES ARE GROWING

Secondary Municipalities and Towns
Are Gaining Rapidly by Im-
migration.

Paris.—The statistics for the popula-
tions of the secondary cities and towns
of France, compiled before the exo-
dus from Paris began, show an extraor-
dinary increase owing chiefly to the
immigration of foreign and colonial
workmen employed in munition and
other factories.

Marseilles, with about 600,000 inhab-
itants when the war began, has now a
population of more than 1,000,000.
With the many refugees from the
towns about Paris, evacuated because
of the German advance, and with some
of the population of Paris which flew
from the big cannon, that figure may
be said to be even higher. Lyons has
increased its population from 530,000
to 740,000, without including additional
thousands in the suburbs. Bordeaux's
population has risen from 261,678 to
325,000, and the suburban parishes
have grown from 88,520 to 120,855.
Nantes has increased from 150,150 to
159,000 without including the garrison
of 30,000 foreigners and 60,000 refu-
gees, mostly Belgians.

750 NURSES
FROM KENTUCKY

ARE WANTED BY U. S. GOVERN-
MENT—RECRUITING CAM-
PAIGN IS ON.

A big drive is on to recruit for
the government 750 nurses from the
state of Kentucky. This recruiting
work will be done by the Woman's
Committee of the Council of National
Defense, 204 Speed Building, Louis-
ville, Ky. Miss Jennie Glass, of
Hopkinsville, is chairman for Chris-
tian county and will be pleased to
enlist anyone desiring to answer the
call.

The call is imperative in order to
release trained nurses who are now
serving in hospitals for foreign serv-
ice. Women between the ages of 19
and 35 years are asked to enroll for
this service. Only intelligent, re-
sponsible women, well educated and
in sound health are wanted. While
a college education is not necessary
it is considered a valuable asset and
many hospitals give credit for it.

The women who enroll engage to
hold themselves in readiness until
April 1, 1919, to accept assignments
to "nurses" training schools and civil-
ian hospitals. They will be sent to
these schools as fast as vacancies oc-
cur. Of course, those with superior
qualifications will be given prefer-
ence.

Those desiring to become candi-
dates for the Army Nursing School,
recently established by the War De-
partment, will be sent to branch
schools in selected hospitals. Those
who are willing to go to either the
civilian training school or the army
nursing school will be called into
service as fast as vacancies occur.
It is the hope of the Government
that the majority of those who enroll
will put their names down for both
classes of service.

THREE SHIPS ATTACKED.

An Atlantic Port, July 29.—Three
trans-Atlantic liners which arrived
here today reported having been at-
tacked by German submarines, each
of them when about 200 miles off
the Atlantic coast in latitude 38.58,
longitude 70.40.

All three vessels, by superior speed,
escaped undamaged after a running
fight which lasted several hours.

HUN U-BOAT LEAVES
FISHERMEN TO DROWN

Crews of Trawlers Kept on Deck and
Then Submarine Submerges
Without Warning.

(By Associated Press.)

London, July 28.—The survivors
of two sailing trawlers, respectively
British and Belgian, just brought in-
to a British port, tell a terrible tale
of German cruelty. The British
Trawler was sunk before dawn on
Friday by a bomb and the crew was
taken aboard the submarine. Three
hours later the Belgian trawler was
sighted and sunk and the crew, con-
sisting of a father and son, also was
taken aboard. All were kept on the
submarine's deck near the conning
tower and when a patrol boat ap-
peared the submarine submerged without
warning, leaving the fishermen to
drown. The Belgian skipper and his
son and three Englishmen perished
and only two of the English crew
were saved.

The survivors state that the Ger-
mans ransacked the trawlers before
sinking them and carried off every-
thing of value. The German sailors,
according to the survivors, ate bis-
cuits and fish ravenously as if starv-
ing. All the Germans appeared to be
youths, their commander being only
26. The survivors were in the water
for three or four hours before they
were picked up.

PREACHER DRIVEN AWAY.

Jasper, Ind., July 29.—Rev. Dage-
foerde in charge of St. John's Luth-
eran church, eight miles northwest
of here in Boone township, charged
with being a pro-German, received
in his mail box last Friday at noon
a coil of rope and a note saying the
rope was for him and that if he
didn't leave before the next day at
6 o'clock that it would be used on
him, and used damned quick.
Saturday morning Rev. Dagefoerde
tendered his resignation to the trust-
ees, packed up his household effects,
and Saturday evening left for some
other field.

visit her to sister, Mrs. C. L. Wad-

Louisville, Ky., July 30.—Autho-

lery officers' training school at Camp

school. A large proportion of the
increase, it is expected, will be drawn
from civil life.

officers will be erected at the artillery
firing center near Stithon, Ky., about
twenty miles from Louisville it was
announced, and the school will move
there within a few months.
